

IBM Rational DOORS Practitioner, V9.4
Information

Length: 1.0 Day
Ref: QN114G
Delivery method: Classroom
Price: EUR

Overview

This course builds on the content learned in the IBM Rational DOORS Foundation, V9.4 course. It is designed for those who will be in the role of team lead or project manager, or who want to learn more about advanced Rational DOORS end-user functionality. It discusses creating and structuring Rational DOORS projects, defining linking relationships and attributes, setting access permissions, and managing change. It also discusses external linking, working with spreadsheets, and applying configuration management strategies to Rational DOORS data.

Public
