

### IBM Tivoli Monitoring 6.3 Advanced Administration Information

**Length:** 16.0 Hours  
**Ref:** TOS63G  
**Delivery method:** Self-paced Virtual Training  
**Price:** INR

#### Overview

This two-day course teaches the skills necessary to administer IBM Tivoli Monitoring and the Tivoli Enterprise Portal. The Tivoli Enterprise Portal is used by IBM Tivoli Monitoring, IBM Tivoli Composite Application Manager, and OMEGAMON XE and DE to manage your enterprise environment. In this course you learn about creating queries, links, situations (enterprise and private), autonomous agents, policies, agentless monitoring, and event integration with Netcool/OMNibus and Tivoli Enterprise Console. This training class is provided in a classroom environment with multiple opportunities for hands-on lab practice. The scenarios used in this class are based on IBM Tivoli Monitoring version 6.3.

If you are enrolling in a Self Paced Virtual Classroom or Web Based Training course, before you enroll, please review the **Self-Paced Virtual Classes and Web-Based Training Classes** on our Terms and Conditions page, as well as the system requirements, to ensure that your system meets the minimum requirements for this course.
